TECHNICAL SKILLS

Frontend

- HTML5
- CSS
- JavaScript
- Vue.js
- Responsive Web Design

Backend

- PHP (Native)
- Express.js (Basics)
- MySQL
- Database Design
-

Tools

- Git
- Github
- Microsoft Excel

PROJECTS

Personal Portfolio (2026)

Vue.js | CSS

Designed and developed a responsive personal portfolio to showcase my projects, technical skills, and experience. Built with reusable Vue components and a modern, mobile-friendly interface.

- Responsive design
- Component-based architecture
- Smooth navigation
- Downloadable resume
- Deployed online

Lost and Found Management System (Capstone Project – 2024)

Vue.js | CSS | PHP | MySQL

Developed a web application that allows students and staff to report, search, and track lost and found items within the campus. I mainly worked on the backend logic, database design, and connecting backend functionality to the frontend.

- Backend development
- Database design
- User authentication
- Search functionality
- Team collaboration

CRUD Management System (Academic Project)

HTML | CSS | JavaScript | PHP | MySQL | MVC

Built a CRUD web application using native PHP following the MVC architecture. The project includes user authentication, password hashing, and database backup functionality.

WORK EXPERIENCE

Import & Export Declarant / Billing In-Charge

Lao Customs Brokerage | Mandaue City

June 2025 – February 2026

- Prepared and processed import and export documentation.
